

Trento, March 14th 2016.
Prot. 116/gdfb

Dear Trentino Club of **Tuzla**,

I am writing to you about the contribution requests to the Association referring to the annual planning of Trentino Club activities for 2016.

Concerning this, I am informing you that Trentini nel Mondo received contribution requests from 40 Trentino Clubs which proposed more than 200 initiatives for a total required amount of about 70.000,00€. In spite of the economic difficulties of this last period the Association maintained the same budget of 2015, succeeding in supporting the activities of 38 Trentino Clubs.

We approved the following contribution for your Trentino Club:

- 650,00€ for the day of Italian Gastronomy Tuzla

Please send us all the receipts related to the expenses as soon as the activities will be realized.
The possibility to access to contribution of next years will depend also on the sending of the closed budget; Trentino Clubs which will not send the documentation of the 2016 expenses will be excluded from any contribution in 2017.

The contribution is valid only for the activities indicated above. Any changes should be communicated in advance to the association.

Deadline for delivery of 2017 annual planning is September 30th 2016.

We solicit you, if you are not yet member to the Associazione Trentini nel mondo, to present your candidacy, being member is an important sign of belonging and connection with your own Trentino roots.

Best regards and good work!

Il vice direttore
Francesco Bocchetti
